

ABOUT

Astatine Production is a Lead Production House where engineering, experience design, and show creation operate as one.

We deliver broadcast-ready corporate stages and brand moments—from concept to showtime—with a single accountable Astatine standard.

Built in Germany and Switzerland, now based in Miami.

One accountable team. One thoughtful plan. One premium outcome.

LED SYSTEMS

The visual centerpiece — deployed under one plan.

We deploy LED screens as part of a controlled stage environment — engineered for reliability and camera-clean results.

Choose turnkey production or supervised deployment to keep performance consistent on site.

- Inventory: Indoor Fabulux Alpha Mini 4-in-1 LED
- Resolution: 2.6mm Pixel Pitch
- Processing: Novastar A10s Pro (HDR Ready) + VX2000 Pro
- Curvable: Straight + Curve Locks (Creative Flexibility)
- Safety: Full On-Site Spares (Modules, Cards, PSU)

- Camera-clean image and processing workflow
- Mini 4-in-1 Technology: impact-resistant + broadcast-grade blacks
- Clean signal flow + playback discipline (content readiness)
- On-site execution: Fast build. Clean strike.
- Redundancy-first approach on site

CHECK AVAILABILITY

Supervised Deployment required for standalone LED.

SERVICES

We design the system, direct the ecosystem, and run the show — with one accountable ASTATINE standard.

- **Creative Direction & Show Creation (+)**
We build the show concept: tone, pacing, emotional arc, and stage language. A clear creative vision that translates into a clean plan.
- **Artistic Programming & Talent Curation (+)**
We curate artists and specialty acts that fit the brand and audience. Casting, contracting, rehearsals, and integration into the run-of-show.
- **Choreography & Performance Production (+)**
Custom choreography, movement direction, and act development. From idea to stage-ready performance.
- **Experience Design & Decor Concept (+)**
Visual themes, decor direction, florals/catering coordination (as needed), and room flow. Designed to feel intentional—never generic.
- **Executive Production Leadership (+)**
We lead the full operation: departments, schedule, decisions, and on-site authority. One plan. No vendor gaps.

One team. One plan. One outcome. One team. One plan. One outcome. One team. One plan. One outcome. One team. One plan. One outcome. One team. One plan. One outcome.

SERVICES

- **Stage Concept & System Design (+)**
Layout, sightlines, camera angles, technical plan, and build logic. Designed for broadcast-ready results.
- **Visual System Architecture (LED + Video) (+)**
Processing, routing, playback discipline, and content readiness. Engineered for camera-clean results.
- **Lighting Architecture & Programming (+)**
Lighting environment that supports the story and the camera. Partners supply when needed — we control the outcome.
- **Audio & Rigging Coordination (+)**
Integrated planning across power, rigging, safety, and logistics. Clean handoffs under one technical direction.
- **Rehearsals, Cueing & Showtime Control (+)**
Run-of-show structure, cueing, and real-time control on site. No surprises at showtime.
- **Risk & Redundancy Planning (+)**
Backups, spares, and decision protocols built into the plan. Built for high-stakes corporate timelines.
